Swimming with dolphins
Cruise Line Disney
Date of Cruise Apr 2018
Booked through Ship Yes
Duration (approx) 3 hrs
Would recommend to other Special Needs Families? Yes
Comments Though they had nothing formal or documented in place, the staff responded well with news that my son had Autism. The dolphin trainer was very intuitive with Luke and guided him through the experience. Seeing my son swim on a dolphin... nothing like it! Thankful for the supportive environment.

Cabo Beach Resort
Cruise Line Carnival
Date of Cruise Oct 2011
Booked through Ship Yes
Duration (approx) 5 Hrs
Would recommend to other Special Needs Families? No
Comments The ride to the resort was approx. 6 minutes. You could have use of one hotel room for everyone on the excursion to share for changing and using the bathroom. Cabo is very hot. The resort guests were not "cruise ship excursion" friendly. The tide of the ocean is always rough.

Chileno Bay Snorkel
Cruise Line RCL

Comments Even thought the RCCL excursion person told us they would ensure the tour operator knew that we would need extra assistance they clearly had no idea. They needed to offer help to those who aren't strong swimmers as they had a tour operator in the water with a floatation device that if they could have hung onto that when snorkeling would have been easier. The slide off of the back of the catamaran was a bigger hit than the snorkeling but that was a lot of money for a so excursion especially after checking and being reassured they would offer extra help.

Dolphin Encounter
Cruise Line Disney
Date of Cruise Oct 2011
Booked through Ship Yes
Duration (approx) 40 min
Would recommend to other Special Needs Families? Yes
Comments I was expecting them to give my son a little more time with the Dolphins just because it takes a little longer for him to want to participate but it seemed as if they were in a hurry to get groups outs fast to bring in the next. The only reason I would recommend is that some time with the dolphins is better than no time.

Cruise Line  Disney
Date of Cruise  Oct 2011
Booked through Ship  Yes
Duration (approx)  3 hrs

Comments  My son did well, but we took a member of your staff with us and that was what really made the excursion work. It takes such a strain off the parents to have someone along. We had a great time as a family and my boy loved petting the dolphins.

<td>This was fun. But the instruction on how to snorkel was limited. I had snorkeled before so I was able to help Tyler get used to using the equipment. It was a 45 minute boat ride to where we snorkeled (but it didn't seem that long to me). Crew spoke very good English. We didn't need any special accommodations, so I can't comment on the availability of those.</td>

**Taxi to Medrano Beach and Jetski**
- Cruise Line: Carnival
- Date of Cruise: Oct 2012
- Booked through Ship: No
- Duration (approx): 3 hrs
- Would recommend to other Special Needs Families? Yes
- Comments: We did this ourselves - it was an official excursion, but we had wanted to hang out at a beach do jet skiing. Also, it would be good to let families know that they can walk to a beach near the ports at both Cabo and PV. Nobody tells you that local beaches are within 5 minutes of the port. They aren't fancy, no amenities, but if the kids just want to get wet and play in the sand, they were great. For those in wheelchair, water taxi’s aren’t set up to accommodate.

**Whale Watching, Snorkeling, Private Beach**
- Cruise Line: Carnival
- Date of Cruise: Mar 2014
- Booked through Ship: No
- Duration (approx): 4 hrs
- Would recommend to other Special Needs Families? Yes
- Comments: Glass bottom boat, la brujiita that took us out searching for whales and dolphins, saw up close several whales. It was a blast for my son. He loved playing on the waves at beach. Great time. When we had enough time on beach, we just got ride back to dock. It was nice not to be with any other families, just us. We didn't have to wait. Very accommodating to anything we wanted to do.
